You connect. We insure. Everybody wins.

You talk every day with truckers and business owners who need insurance. With this program, every unit you refer that gets insured with ProtectGo earns you a **cash fee, paid every month**. The more volume you bring, the more you earn.

HOW IT WORKS IN 3 STEPS

1

Send the client's name and phone number to your advisor by email or WhatsApp, or share their card so the client can reach them directly.

2

3

Get paid

Once the policy is issued, the unit goes into your monthly cutoff. We pay you before the 15th of the following month.

WHAT YOU EARN

Case	Fee	How it applies
Standard unit	\$150 per unit	Every truck or unit included in an issued policy.
High-premium unit	Up to \$250 per unit	For units with a higher annual premium. We confirm the amount when we quote.
Fleet	Negotiated percentage	For large fleets we agree on a percentage in writing before quoting.
Commercial businesses	[To be defined]	Restaurants, contractors, auto shops and other businesses (see portfolio).

A sample month

You refer 3 clients with 4 trucks each: **12 units × \$150 = \$1,800**. If they are high-premium units, that same month can reach **\$3,000**.
